# RISHABH SHUKLA

Mathematics Instructor || Graduation Level Mathematics || Concept-Based Teaching
Noida, Uttar Pradesh || +91 9877721308 || aniketshukla387@gmail.com
LinkedIn: linkedin.com/in/rishabh-shukla-b39958174

## SUMMARY

A committed math teacher with over four years of classroom experience. experience instructing international students, higher secondary students, and B.Tech. students both online and offline. adept at using structured problem-solving, real-world applications, and visualization to simplify difficult ideas. devoted to using interactive teaching to improve students' academic performance, confidence, and mathematical reasoning.

## CORE SKILLS

- Mathematics for Engineers (B.Tech. Level)
- Teaching math to students in grades 6 through 12
- Teaching based on visualization and derivation
- Planning lessons, structuring academics, and grading
- Teaching one-on-one and in groups
- Using online tools like Zoom, Meet, Whiteboard, and MS Office
- Mentoring and helping students learn
- Basic coding skills (HTML, CSS, and Python)
- Good at talking to people and getting them involved in class

## PROFESSIONAL EXPERIENCE

- Mathematics Instructor (B.Tech.) || NxtWave Institute of Advanced Technologies (NIAT) in collaboration with Noida International University (Jun 2025 – Present || Noida, Uttar Pradesh (On-site))

  Teaching Engineering Mathematics to B.Tech. students with a focus on making concepts clear, showing how to derive them, and using them in real life to help students understand better. Help with schoolwork, getting ready for tests, and answering questions in a way that works for you.
- Math Tutor (Online) || Trivium Education (Nov 2024 – Jun 2025 || Remote (Part-time))

  Taught higher math (Algebra, Calculus, Trigonometry, Analytical Problem-Solving) to more than 1200 international students through one-on-one online tutoring, adjusting the pace to each student's needs to help them understand better, do better, and feel more confident
- Subject Matter Expert (Mathematics) || Course Hero (Sep 2024 – Jun 2025 || Remote (Part-time))

  Gave step-by-step, concept-based solutions to higher math problems that focus on reasoning and clear explanation instead of just giving the answer.
- Online Mathematics Expert || Chegg Inc. (Oct 2023 – Jun 2025 || Remote (Part-time))

  Produced more than a thousand excellent, well-organized advanced math solutions while continuously achieving high accuracy and student satisfaction scores.
- Mathematics Instructor (Offline Coaching) || Self-Employed Coaching Institute (Aug 2021 – Oct 2023 || On-site)

taught mathematics to students in grades 6–12, emphasizing conceptual underpinnings, logical reasoning, and test preparation. I also conducted tests, provided clarification on questions, and led individualized improvement sessions.

- AI Annotator & Evaluation Specialist || RWS Group (2024 – Present) || Remote (Freelance)

  evaluated and graded AI-generated content according to user quality standards, logical structure, and clarity.

## EDUCATION

- Bachelor of Education (B.Ed.) — (2024 – 2026)
  Prof. Rajendra Singh (Rajju Bhaiya) University, Prayagraj
- Master of Science (M.Sc.) in Mathematics (2022 – 2024)
  University of Allahabad
- Bachelor of Science (B.Sc.) — Mathematics, Physics & Defense Studies (2019 – 2022)
  University of Allahabad

## Professional Qualifications

- CTET Qualified

Central Teacher Eligibility Test

- UPTET Qualified
  Uttar Pradesh Teacher Eligibility Test

## KEY TEACHING COMPETENCIES

- Concept-based and Visualization-Oriented Teaching
- Step-by-Step Problem Breakdown and Explanation
- Classroom Engagement and Student Interaction
- Assessment Design and Performance Evaluation
- Personalized Doubt-Solving and Learner Mentorship
